NATIONAL SURVEY OF FAMILY GROWTH, CYCLE V, 1995 (ICPSR 6960)

**SUMMARY:** The NSFG Cycle V interviews have been divided into two files. The Respondent File (Part 1) contains one record for each woman in the survey, while the Interval File (Part 2) contains one record for each completed pregnancy experienced by a woman in the survey. An interval can be defined as one of the following: the time between a first intercourse at last contact (in 1988) and a pregnancy that ended after last contact, or the time between a pregnancy that ended before last contact and one that was in progress at the time of the interview. Part 1 offers data on respondents' marital histories, education, family background, sex education, births and pregnancies, first sexual intercourse, sterilizing operations, contraceptive histories, family planning services, infertility services, births -- intended and unexpected, adoption, sexually transmitted diseases/AIDS, religion, race/ethnicity, employment/occupation, income, and insurance. Part 2 supplies data on outcomes of pregnancies and other pregnancy-related information, use of birth control methods during intervals, and "wantedness" of pregnancies.

**UNIVERSE:** The civilian noninstitutionalized population of women 15-44 years of age in the United States, regardless of marital status.

**SAMPLING:** A national probability sample of 14,000 women aged 15-44 was chosen from households that had participated in NATIONAL HEALTH INTERVIEW SURVEY, 1993 (ICPSR 6534). Black and Hispanic women were oversampled.

**NOTE:** (1) Data for CYCLE I, 1973 (ICPSR 7898), CYCLE II, 1976 (ICPSR 7902, 8181), CYCLE III, 1982 (ICPSR 8328), CYCLE IV, 1988 (ICPSR 9473), and CYCLE V, 1990 TELEPHONE REINTERVIEW (ICPSR 6643) are also available from ICPSR. (2) Per agreement with NCHS, ICPSR distributes the data files and text of the technical documentation for this collection as prepared by NCHS. (3) The codebooks and user guide are provided as Portable Document Format (PDF) files. The PDF file format was developed by Adobe Systems Incorporated and can be accessed using PDF reader software, such as the Adobe Acrobat Reader. Information on how to obtain a copy of the Acrobat Reader is provided through the ICPSR Website on the Internet.

RESTRICTIONS: In preparing the data files for this collection, the National Center for Health Statistics (NCHS) has removed direct identifiers and characteristics that might lead to identification of data subjects. As an additional precaution NCHS requires, under Section 308(d) of the Public Health Service Act (42 U.S.C. 242m), that data collected by NCHS not be used for any purpose other than statistical analysis and reporting. NCHS further requires that analysts not use the data to learn the identity of any persons or establishments and that the director of NCHS be notified if any identities are inadvertently discovered. ICPSR member institutions and other users ordering data from ICPSR are expected to adhere to these restrictions.

Now I would like to know about any changes in who was responsible for you , such as a parent or guardian moving out, or dying, or re-marrying, or you going to live with a different parent, or any other change.

(Were there ever any changes in who you lived with before you started living away from parents or guardians in (DATE IN AJ-2 FSTONOWN)/ Have there ever been any changes in who you have lived with from the time you were born until the present?)

(Did you ever stop switching between your Mom's and Dad's homes before you left home in (DATE IN AJ-2 FSTONOWN)?/Have you ever stopped switching between your Mom's and Dad's homes?)

I have recorded that right after you were born you lived (LIVING SITUATION IN AK-3 OTHERS00) and did not live with any parents or guardians. Since we found out earlier that you are now living with a parent or guardian, I am recording that at some time you stopped living (LIVING SITUATION IN AK-3 OTHERS00).

MANRASDU 3573-3574

Computed variable representing (relationship to R of) man who mostly raised R when she was a teenager. If R reported only one parental living situation, and male parent was natural father, adoptive father or stepfather (AK-5 CHANGED coded 2, 7, 8 or 9 and AK-2 MALPAR00 coded 2, 4 or 5), then MANRASDU = AK-2 MALPAR00. If R had more than one parental living situation, and male parent was always natural father or switching between natural father and mother, or no male parent/guardian was present, but at least one instance of male parent was either natural father or switching (AK-5 CHANGED coded 1 and AK-2 MALPAR00 thru AL-3 MALPAR11 coded 1, 2 or 3), with at least one MALPARnn = 2 or 3), MANRASDU = NATURAL FATHER. Otherwise, MANRASDU = AS-1 MANRASX.
